

CARTS

With a mobility cart, you have the ability to roll your degausser and/or destruction device down the hall, to a neighboring office, or into a closet. The cart positions the equipment at a comfortable, operational height and includes a lower storage shelf for media bins and degaussed labels. Rugged and strong, with locking wheels, each heavy duty cart supports the weight of the equipment and provides a mobile workstation.

CASES

With a deployment case, you have the ability to safely take your degausser or destruction device anywhere it's needed. Made of durable, impact-resistant high-density polyethylene with reinforced steel corners and custom moulded interior, each deployment case includes a heavy-duty, locking latch system for the safe transport of your valued investment. With durable wheels and comfort handles, roll your device to the media instead of bringing the media to you.

CART	DIMENSIONS	WEIGHT
Utility Cart 1834	18.5" (470 mm) wide by 38.75" (984 mm) deep by 34" (864 mm) high, with caster wheels	71 lbs (32 kg)
Utility Cart 2036	20" (508 mm) wide by 36" (915 mm) deep with an adjustable height of 24.5" (622 mm) to 36.5" (927 mm) high, with caster wheels	97 lbs (44 kg)
Utility Cart 3032	30" (762 mm) wide by 36" (915 mm) deep with an adjustable height of 24.5" (622 mm) to 36.5" (927 mm) high, with caster wheels	110 lbs (50 kg)
Utility Cart 2047	23" (584 mm) wide by 47.5" (1207 mm) deep with an adjustable height of 24.5" (622 mm) to 36.5" (927 mm) high, with caster wheels	110 lbs (50 kg)

CASE	DIMENSIONS	WEIGHT
DB-4000 Deployment Case	20" (508 mm) wide by 20" (508 mm) deep by 25" (635 mm) high, with telescoping handle and wheels	34 lbs (15.5 kg)
